History

From 2012 to 2015 Evluma offered a Bluetooth Key Fob Remote to owners of the AreaMax LED luminaire. This remote allowed AreaMax owners to disconnect or connect the luminaire from service from a distance. Evluma stopped shipping this product at the end of 2015.

Cross Reference for Suggested Replacement/Exchange

The ConnectLED app for Android, iOS or Windows offers the same disconnect/connect operation as the BLE Remote, but with additional functionality. Please see www.evluma.com/connectled, or contact an Evluma Salesperson for more information.
